COMPLETE ELEMENTARY AND SECONDARY EDUCATION – Cumhuriyet İlköğretim Okulu

LANGUAGE SKILLS

Mother tongue(s): TURKISH

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	B2	B2	C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

PROJECTS

Projects that I participated

- **dijital.şirket**
- It's an ERP project developed on Spring Framework to supply the firm's all demands . I've developed many areas of this project as a full stack developer.
- Tech stack : Java, Spring Framework, JPA/Hibernate, Hazelcast, H2/PostgreSQL, JUnit/Mockito, Liquibase, Thymeleaf, ActiveMQ, Git/GitLab, Jenkins, REST, Graylog, Tomcat, Apache Camel, Postman, HTML/CSS/JavaScript/Bootstrap/JQuery.
- **dijital.rehber**
- I developed this project alone at my internship. This project is a web application that have standart operations e.g. save,update,delete,login...
- Tech Stack : Java, Spring Boot, Spring Security, PostgreSQL, Thymeleaf, HTML/CSS/JavaScript
- **dijital.form**
- This project that is also web application is developed by myself to provide for the requirements of another department.
- Tech Stack : Java, Spring Boot, Spring Security, PostgreSQL, Mustache, Thymeleaf, HTML/CSS/JavaScript
- **e-Transformation**
- I participated e-Transformation developments i.e. e-Invoice, e-Archive, e-Despatch, e-Ledger.
- Tech Stack : Java, REST, SOAP, XML/XSLT/JSON, Retrofit.

Educational Projects on University

C#
- Sudoku
- 2048
- Minefield
- Snake

JAVA
- Tanks, Cargo Firm Management System
- Student Internship Management System
- Traffic Simulator that prevents traffic jam
- Search Engine

C
- Program which converts both XML to JSON and JSON to XML
- Program which implements KD Trees for indexing of multidimensional data
- A secure instant messaging application with using socket programming
- Car monitor that shows current sensor values of working car

Java/HTML/CSS/JavaScript/PostgreSQL
- Job Search Web Site

C/C++ with Arduino IDE and Gas sensors
- Sensor Network about Indoor Air Qualification

Android Studio
- Captain's Guide Mobile Application

● ORGANISATIONAL SKILLS

Organisational skills

- While working at the business life I have got work experience on multiple projects and various technologies at the same time so I can say that I have got time management and multitasking skills, also I can easily prioritize tasks.
- Taking part in the these projects as group leader, I have acquired good skills of the way how to give the necessary instructions, exert influence and become a leader.
- Integrate into all team situations easily, possessing a personable nature that is open to teamwork and cooperation.
- I own good analytical and creative abilities.
- Finish tasks on time with a reliably high level of quality.

● COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills

- Confident, articulate, great communication skills gained through my experience and working life.
- While studying at the university and working at the business life, I worked on group projects, have learned to convincingly argue my position to the team members, to overcome conflicts and make compromises.
- Through the work as a team member of developer team, internship at different companies, I have improved oratory and presentation skills.
